

## **BingoTek Partners with Microgaming**

*Power Partnership delivers a Huge Jackpot for Online Bingo Players*

**February 9, 2006 (London, UK)** – Leading online bingo software provider BingoTek ([www.bingotek.com](http://www.bingotek.com)) has partnered with Microgaming ([www.microgaming.com](http://www.microgaming.com)) an innovative supplier of online gaming solutions to many of the world's leading online casinos, poker rooms and sports book operators to deliver premium online bingo games to their network of licensees.

BingoTek offers unique bingo solutions allowing operators high levels of flexibility within the rapidly evolving online bingo market.

BingoTek's range of licensing features include advanced Flash gaming and business management technology, seamless website integration, affiliate program management, extensive market testing, with pay-to-play and free-play online bingo game options that include 75-ball US bingo and 90-ball UK bingo products.

More importantly, BingoTek's online bingo games are geared at providing a superior online bingo gaming environment for players. Benefits include 24-7 chat management and support, a unique selection of chat features and sounds, a regular newsletter and consistent e-marketing as well as a host of chat games, promotions and side games ensuring that BingoTek creates an unsurpassable online bingo experience.

Graeme Levin, one of the BingoTek founders and consultant, says: "We are very excited to be working with Microgaming and are confident that we can assist them to deliver continued innovation in this area."

BingoTek's first licensee, Bingodrome, has proved extremely successful. The popular site has consolidated its position as the best bingo game online by picking up one of the online bingo industry's most prestigious awards, the '**Best Bingo Overall**' award from BingoAwards.com for January and February 2006.

"We are delighted at this superb recognition because it is online gamers who have made the voting decision – not industry insiders", Graeme said.

Microgaming Chief Executive Roger Raatgever said, "Our mission is to provide the most effective software and management systems for our operators so they can run the fairest, most reliable and most profitable online action. We believe that the addition of Bingotek to our product offering meets every element in our mission and demonstrates Microgaming's ability to explore new boundaries for our operators in global online gaming."
